PETITION UNDER 37 CFR § 1.84(b)(2) TO ACCEPT COLOR PHOTOS

Petition is hereby made to have color photographs entered into the application. The color photos are identified as Figs. 2, 3 and 4 of the drawings. These color photographs are micrographs which show distribution of individual elements by color depiction. The color allows a more clear and informative depiction of the elemental distribution than could drawings or black and white photographs.

In accordance with 37 CFR § 1.84, this petition is accompanied by three sets of the color photographs, a black and white photocopy of the subject matter shown in the photographs, and the necessary fee as prescribed under 37 CFR § 1.17(h). The preliminary amendment which accompanies this petition and filing of the present

application provides an amendment to the specification to insert the required language pertaining to color photographs.

Entry of the color photographs into the application is respectfully requested.
